

## How to print from your own device at TAFE NSW – Mac OS X

This reference guide explains how to print a document from your Mac OS X at TAFE, submitting it to a Multi-Function device (MFD)

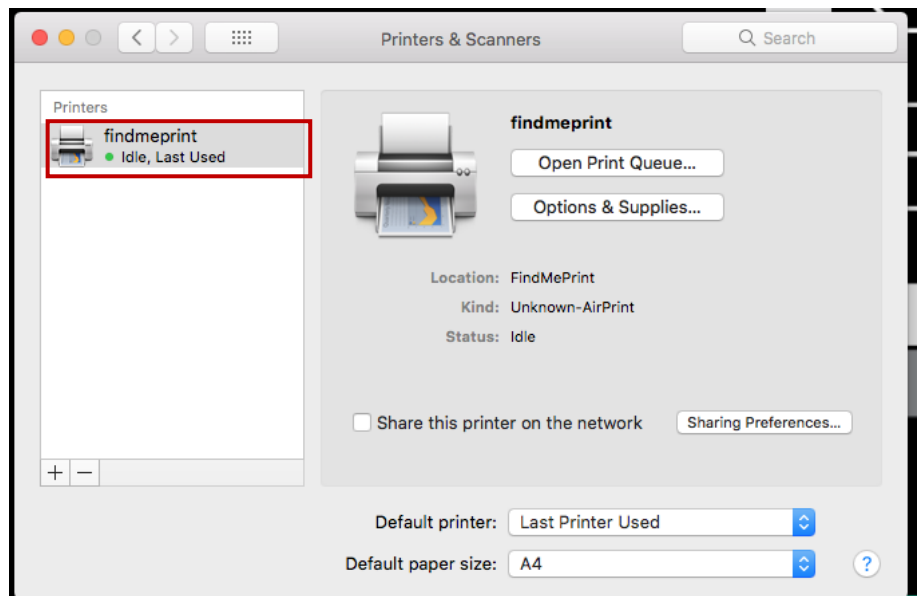

**Requirements:** Your device must have Mac OS Yosemite+ installed to use this functionality.

How to print a document from your Mac OS Yosemite at TAFE	
<p>1. <b>Connect to the TAFE Wi-Fi.</b></p>	<p>Refer to the instructions in the <a href="#">Wi-Fi Support: Getting Started</a> page.</p>
<p>2. <b>Open System Preferences.</b></p>	
<p>3. <b>Select Printers and Scanners.</b></p>	

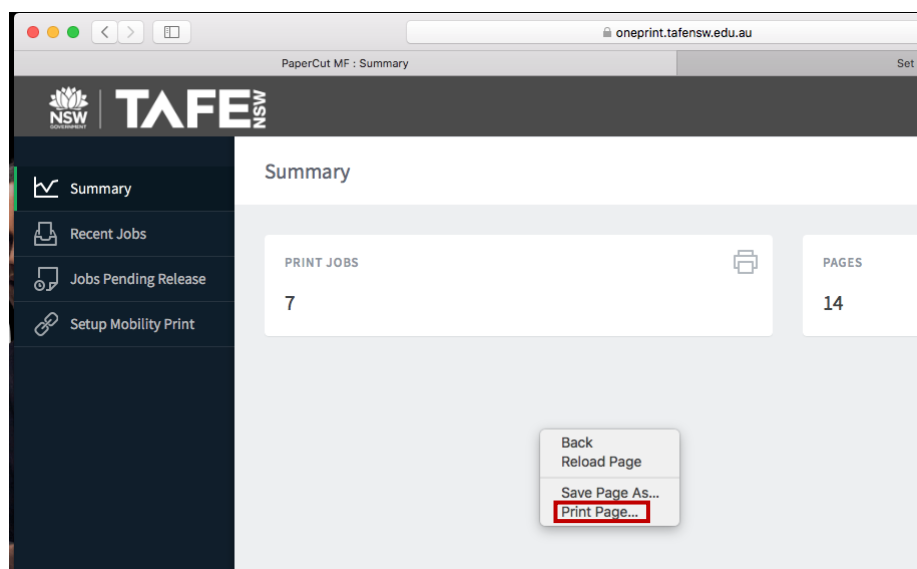

- Select **+**.  
Select **Add Printer or Scanner**.  
Select **FindMePrint**.

- The **FindMePrint** queue is installed in your Printers & Scanners.

- Open the **page, image, or file** you want to print.  
Select **Print**.

<p>7. Check your document print preview and select <b>Print</b>.</p>	
<p>8. Type your <b>TAFE NSW username</b> and password then select <b>OK</b>.</p> <p>Format your username as: - Firstname.lastname (example <i>mary.doe2</i>)</p> <p>You only need to authenticate once, as the Find-Me Print queue will remember your username and password.</p>	
<p>9. <b>Release your print job</b> at a Ricoh Multi-function device.</p>	<p>Refer to the instructions on the <a href="#">Print, Copy and Scan Support LibGuide</a></p>
