This is the adjustment of the way you are assessed to take into account your condition however the assessment criteria cannot be altered.

- If you do not agree with the result given for your assessment task, you may appeal the assessment decision. You should first discuss the assessment result with your teacher.

- For more information on assessment, refer to ‘Every Student’s Guide to Assessment in TAFE NSW.’

PLAGIARISM

Whatever the form of assessment, it is essential that the work you are assessed on is your own. All students should be aware that penalties will be imposed for students found cheating in an assessment. Cheating can take different forms. For example, it may be copying or using the work, writing, drawings or photographs created by other people and passing them off as your own. You must make it clear if you are quoting or using other people’s work.

Where you are working in a team with other students on a joint assessment task, your teacher will explain how your own contribution will be assessed.
RECOGNITION OF PRIOR LEARNING

All students in TAFE NSW are entitled to apply for recognition in the course or qualification in which they are currently enrolled. It is recommended that the application for recognition be made as soon as possible after enrolment.

The aim of granting recognition is to reduce the amount of learning required to achieve a qualification or accredited course by acknowledging an individual’s skills and knowledge acquired through formal and informal learning.

Students enrolled in a government subsidised qualification or accredited course can apply for recognition in that qualification at no additional charge and, under NSW Smart and Skilled may be eligible for a reduced student fee based on recognition granted.
