What is WSI ePortfolio?

WSI ePortfolio is your own ePortfolio account provided to you by Western Sydney Institute.

It is a fully-featured electronic portfolio system with social networking features which you can use during and after your enrolment with Western Sydney Institute.

Need help?

- Visit your college library to ask questions or book into a training session.
- Ask a question in the WSI ePortfolio Community Forums

Check out the online tutorial video to help get you started!

What can I do with my WSI ePortfolio?

Anything you want!

Its your account—you choose how to use it but here are some ideas:

- Gathering digital evidence of your life, learning and interests eg written assessment tasks, photos, artwork, video etc
- Making displays of the items you have gathered
- Sharing those displays with friends, family, potential employers, employers, groups in WSI
- Making friends and writing on their wall
- Building a resume
- Creating a blog
- Making notes and plans

How do I get started?

Its easy!

Simply login to wsieportfolio.wsi.tafensw.edu.au using your DEC username and password that was provided to you when you enrolled.

What should I do after I get started?

There is lots of great stuff to see and do after you have logged in. We suggest that you:

- Check out the Learning and Support Resources to see how to do things in your WSI ePortfolio
- Read the Frequently Asked Questions
- Check out the page called See How Others are Using ePortfolios
- Look at the information in the WSI ePortfolio Community (you will automatically be a member)
- Find and make some friends
- Start gathering your stuff so that is there when you are ready to create displays and share them
- Making notes and plans
